

To ensure that the SC Honors College office knows which honors students will graduate each semester, all candidates for graduation must submit this form. The deadline to submit this application is the same date as the University deadline established by the Office of the Registrar to file for graduation from the University of South Carolina. This form DOES NOT REPLACE the University's Application for Degree or Certificate which you still must file in your Dean's office by the University Deadline given on the Current University Calendar.

If you are graduating with Honors from the South Carolina Honors College your certificate will be printed using the information on this application form. Therefore, please check and double check the information you type before submitting the form.
